

Crown of the Cosmos

The Void's Last Stand Boss

OVERVIEW			Phases: 5 Hero: Pull
We face off against void corrupted versions of Alleria, Arator, and Turalyon along with an onslaught of void enemies. We must use Alleria's arrows to remove void mechanics from players and enemies alike.			SPECIAL NOTES
TANK Keep Sentinels near their portals.	Healer Heal off Null Corona absorb, dispelling it to jump to another player if needed.	DPS Nuke adds. Run away from Void Droplets when they die.	Immunities – N/A Dispels – Null Corona Interrupts – N/A
Phase 1			ABILITIES
<div>COMING SOON</div> <p>The final boss was not available for testing on PTR, so more information will come once strategy has been determined for the boss.</p>			
Intermission			
Phase 2			
Intermission			
Phase 3			

MYTHIC ONLY

Very little is known about mythic at the time of writing this guide. Only 3 phases are listed in the Dungeon Journal, implying that after Phase 2 we are taken to a different version of the fight. No doubt equally void and just as frightening!
